FOREWORD

The purpose of the second edition of the **SELECTED BIBLIOGRAPHY IN HIGHER EDUCATION** is basically the same as that of the first edition: To provide students of higher education with a listing of the higher education holdings in Morris Library, Southern Illinois University at Carbondale. The books are included in Part One, along with the Morris Library call numbers, in seventeen functional categories with many sub-headings. Periodicals and other special materials are listed in Part Two.

The 1974-75 edition contains more than 3,000 entries, approximately twice as many as were found in the 1972 edition. These have been arranged somewhat differently than in the earlier publication in order to provide easier access to information concerning certain areas of study in higher education.

The basic work of this revised edition was carried out by graduate assistants in the Department of Higher Education during the 1970-74 academic year, under the supervision of Donald J. Tolle, Professor of Higher Education. Special acknowledgment is given by him and by the Department to the following individuals:

Edward M. Catenacci, doctoral candidate, who had major responsibility for conducting the library search for appropriate titles and categories.

Joel E. Miller, Ahmed Y. Salameh, and David R. Mill, master's candidates, who worked with Mr. Catenacci in the library search.

Edward A. Walter, doctoral candidate, and Ronald G. Cronk, master's candidate, who handled many of the mechanical details, including a considerable amount of the typing.

Romila Nayyar, master's student, who contributed to the section on international education; and Harry Henshaw, master's student, who had part of the typing responsibility.

Claris C. Turner, master's student, who completed the typing of stencils and did proofreading, duplicating, and collating during the Fall semester, 1974, and assisted by Romila Nayyar.

Those who carried out the work of the first edition in 1972 were acknowledged in that issue and will not be named again. Suffice it to say that the 1972 edition provides the foundation for the 1974-75 enlarged and revised edition, as well as for others in the future.

It is our hope that the **SELECTED BIBLIOGRAPHY IN HIGHER EDUCATION 1974-75** will serve well our own students and faculty and any others who wish to take advantage of its services.
